[&]Massachusetts Institute of Technology, Cambridge, Massachusetts

A correction is needed for Klinger et al. (2003). Figure 3 should be replaced by the figure included here. The two versions are qualitatively similar but have some quantitative differences. The text of the paper refers to the corrected figure, not to the figure that originally appeared.

REFERENCE

Klinger, B. A., S. Drijfhout, J. Marotzke, and J. R. Scott, 2003: Sensitivity of basinwide meridional overturning to diapycnal diffusion and remote wind forcing in an idealized Atlantic–Southern Ocean geometry. *J. Phys. Oceanogr.*, **33**, 249–266.

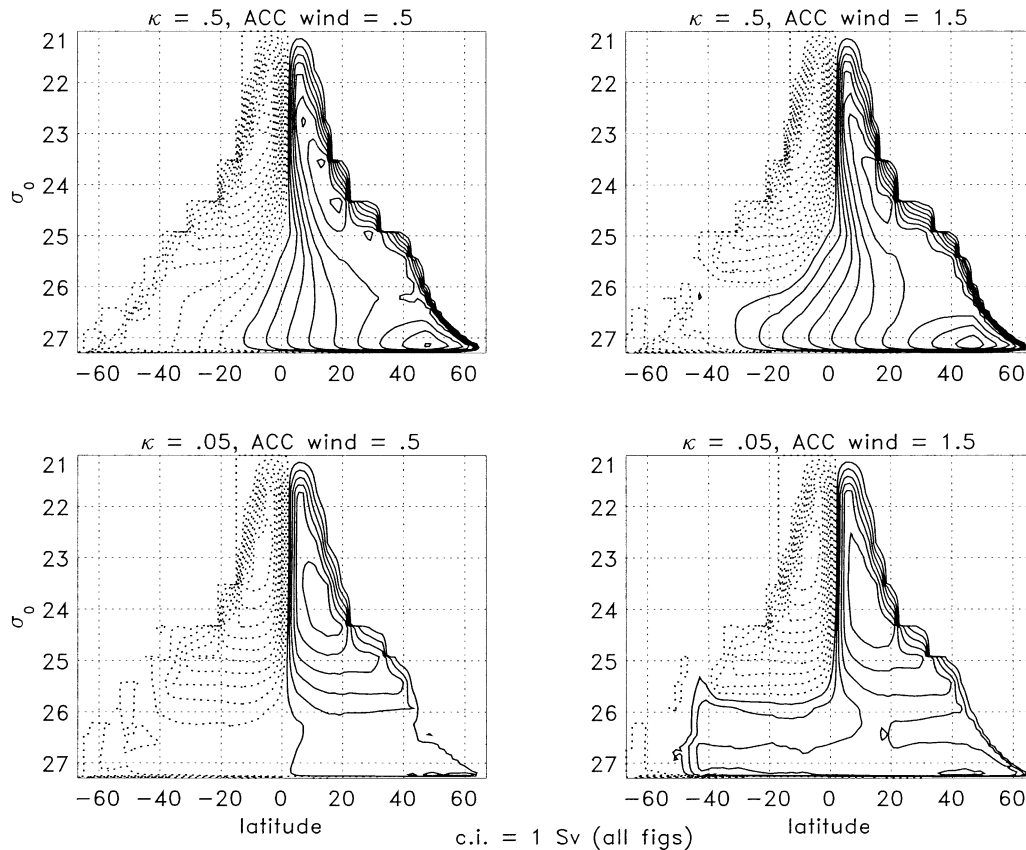

FIG. 3. As in Fig. 2 but for isopycnal model runs.
