In the version of this article initially published, the implication that it was the first work to decouple substrate rigidity from surface properties was incorrect, as we and others had previously reported the approach. Additional reference to previous work on micropost arrays also should have been included<sup>1</sup>. Our fabrication process, in which micropost arrays are doubly replica molded from microfabricated silicon masters, scales up production of these substrates and allows replication and distribution of disposable molds to potential users.

## Corrigendum: Two-photon calcium imaging from head-fixed *Drosophila* during optomotor walking behavior

In the version of this article initially published, the units for angular position (degrees) in Figure 3a,b are incorrect. The correct unit should be mm. The error has been corrected in the HTML and PDF versions of the article.

## Erratum: Saliency

In the version of this article initially published, a portion of Figure 1 was missing. The error has been corrected in the HTML and PDF versions of the article.
