Correction to: *Nature Communications* <https://doi.org/10.1038/s41467-020-15210-2>, published online 20 March 2020.

The original version of this Article omitted some funding sources in the Acknowledgements. The correct version of the Acknowledgments is:

“This work was financially supported by the European Research Council Consolidator Grant NanoSurfs (no. 615233), the Advanced Grant (no. 694097), the Horizon 2020 research and innovation program 2D ink (no. 664878), and the National Science Foundation of China (no. 11974403 and Sino-German Project no. 51761135130). W.A. acknowledges funding by the DFG via a Heisenberg professorship. M.R., R.B., and X.F. thank the German Research Foundation (DFG) within the Cluster of Excellence “Center for Advancing Electronics Dresden (cfaed)” and EnhanceNano (No. 391979941). A.P.P. and A. Rubio thank the Cluster of Excellence “Advanced Imaging of Matter (AIM)” and Grupos Consolidados (IT1249-19). M.G. acknowledges funding by the H2020-MSCA-IF–2014 program under GA no. 658070 (2DNano).”

Which replaces the previous incorrect version:

“This work was financially supported by the European Research Council Consolidator Grant NanoSurfs (no. 615233), the Horizon 2020 research and innovation program 2D ink (no. 664878) and the National Science Foundation of China (no. 11974403 and Sino-German Project no. 51761135130).
